Tobacco Market Opens.

The Co-Ops came out in large numbers Tuesday to the opening of the market and to hear the address of Mr. W. R. West, director from Henry County. He said the Association had only approximately 4,000,000 pounds of unsold dark tobacco on hand, and a large quantity of bright. Sales were being made at satisfactory prices and he thought the third payment would be made by the first of the year.

More than 25,000 pounds were graded Tuesday and while there was some dissatisfaction among the farmers as to the grading, which is always the case, the sale was regarded as fair and reasonable.

The force is now organized here and a bright year is predicted for the handling of the crop.

Howlett Martin, Manager, C. R. Morton, Asst., A. H. Irby, Grader, C. W. Pott, head bookkeeper, A. B. Collins, Asst., D. H. Mitchell, floor manager, R. B. Woolridge, watchman, Otway O'Brien, weighmaster.

Harry Tucker's Opinion

Staunton Nov. 19 — The best thing that could happen would be for congress to adjourn for five years and the Virginia legislature to adjourn for ten, declared Harry St. George Tucker, of Lexington, the tenth district representative in congress in an address before the Kiwanis Club today. He declared this "in all seriousness is my honest opinion."

The Club observed Farmers' Day and had Mr. Tucker here as principal speaker. His theme was reduction of taxes and war on all legislation that tends to increase taxes and the expenditure of more federal and state money.

"Unless we hew to the line and cut down taxes, God Almighty only knows what will be the result. It's a reasonable and fair price for your products that will get you out of debt. We want to be let alone now so we can get to work, instead of always be taking our ills to the state legislature and congress. We legislate for ticks on cows, for distemper in horses and cholera in hogs. You don't want to go to Washington; you want to go to Blacksburg. But if you want an office don't come to me; go to Bascom Slemp or Duncan Curry."

Mr. Curry is chairman of the county republican committee.

Congressman Tucker said that the only thing for the government to do was to cut down appropriations and pay its debts.

Important and Good News.

The great house of Stieff will conduct a special sale of high grade pianos and player-pianos beginning Thursday, November 22nd in their warerooms at 716 Main Street, Lynchburg, Virginia.

This Sale is an absolute necessity in order to clear their floors of an accumulation of used pianos and player-pianos that have been traded in. The business of the firm has been unprecedented for the past several months, and as a consequence many excellent pianos have been exchanged toward Stieff grands, players and Reproducing Pianos as well as the incomparable Shaw piano. Many of these are as good as new, only recently purchased elsewhere and each and every instrument has been reconditioned throughout in the Big Stieff Service department and all are guaranteed to the purchaser.

This Gigantic Sale will only be in operation for a limited time, and it is your great opportunity to get a piano or player-piano for Christmas and you should lose no time in making a trip to Lynchburg in order to get a good selection as they will be moved fast.

The Great House of Stieff rarely if ever, conduct a sale but this time they are forced to do so as the fall and winter shipments from their immense factories are coming daily, so, they have priced these pianos and player-pianos and arranged such extremely convenient terms that they will assure their quick disposal.

If you make a trip to Lynchburg and purchase a piano or player-piano, you will have it delivered free and they agree to pay your railroad fare or gasoline bill if you live within a radius of 100 miles of Lynchburg, so don't delay.

Dr. Hall's work, the most notable of which has been in translations from the Anglo-Saxon, is well known in English universities, and is exciting that he should be specially recognized in England.

Accomac.—One of the most forward steps in the campaign to protect human life and safeguard vehicular traffic was accomplished when the Accomack County Board of Supervisors accepted the offer of the Pennsylvania Railroad to build a concrete road east of its tracks at Onley. Two dangerous grade crossings will be eliminated one north of Onley and the other south of the town where several people have been killed.

Fredericksburg.—The "thin gray line" of Confederate veterans is gradually growing thinner as one by one these honored warriors are summoned to answer the final roll call. Of the great number from Fredericksburg who fought for the "Lost Cause" there are now living here, as far as is known, only twenty-three, and many of these may soon be called to meet "Great Commander."

Lynchburg.—The local open market during the past week sold 277,000 pounds of tobacco, the average for the week being $19, despite the portion of common tobacco and lugs sold. The sales brought the aggregate since the market opened up to 324,000 pounds. Much of the tobacco the past week was too high in color. The crop is finding a good demand, this being particularly true of good grades, which sold up to 35c.

Greenbackville.—The recent election was conducted by three women and two men, and a precedent was established in Accomac county thereby. The electoral board for this county appointed three men as judges and two men as clerks. When they refused to serve, three ladies were asked to help out, and they did so promptly. Those serving were: Mrs. Edgar C. Morris, Mrs. Major R. Selby and M. B. Bell, judges; Mrs. Winfield Scott Hammond and Claude H. Jones, clerks.

Winchester. — Cigarette smoking should be prohibited along with alcoholic drinks, according to Mrs. Hortense Roop, of Roanoke, Va., who is speaking to immense crowds at a revival meeting in Braddock Street Methodist Episcopal Church, South. Addressing the Women's Christian Temperance Union, Mrs. Roop declared that buyers of liquor should be prosecuted as well as bootleggers. Two important things for women to understand, in her opinion, were: Law enforcement and campaigning against cigarette smoking. "We are facing a terrible situation," said Mrs. Roop, "and we women must all band together and press forward, for all nations are looking to America, and we must not be discouraged. Mrs. Roop said prohibition had worked great changes in New York City. She had been there recently, she said, and had observed improved conditions.

Richmond.—Residents of Richmond and the State in the report of income for 1921, according to figures just made public which show that 16,000 local men and women made enough income during the last year to necessitate a report to the Federal Government. There were 76,357 reporting incomes in Virginia, 65 per cent. or 65,326, of which were filed by residents of the ten largest cities. Greene county reported only five incomes, the smallest in the State. Returns filed during 1921 were smaller than in 1920, when 16,319 more were recorded.

Danville.—More than 5,000 persons gathered at the City Tabernacle and heard an Armistice Day address by Senator Royal S. Copeland, of New York. The visiting Senator declared he expected to vote for the adjusted compensation for ex-service men. He made a striking plea for America's participation in the task of rehabilitating Europe further, declaring that prosperity in this country with which Europe is placed on a stable economic basis. He also rapped the present immigration restrictions.

Laude-Le And Jackson.

One of the latest dowers produced by the World War is the elimination of misunderstanding between the various sections of the country. Major-General Adelbert Cronkhite, former commander of the Eightieth Division, asserted in an address at the dedication of the legion square in Riverview Cemetery.

General Cronkhite paid high tribute to Lee and Jackson and to the Virginia troops with whom he was associated during the war. He spoke in glowing terms of the sacrifice made by the "Gold Star Mothers."

Presentation of the plot on behalf of the city of Richmond was made by Fred H. Powell, president of the Common Council, who traced the history of the movement for such a burying ground. He pointed out that the city gave the plot as a "slight token of their appreciation of the glorious work done by the World War heroes."

RED CROSS MET TEST IN JAPAN FUND DRIVE

Spirit of Service Demonstrated in Readiness for Nation-wide Activity.

When President Coolidge by proclamation designated the American Red Cross as the medium through which contributions for relief of the Japanese earthquake sufferers should flow, the President's desire came as an order to the Red Cross. Immediately the entire machinery of the organization was put in motion and within 24 hours the fund campaign was moving with vigor in every part of the country.

This emergency test demonstrates the peacetime readiness of the Red Cross to cope with stupendous tasks in behalf of humanity. Within a month it had collected upwards of $10,250,000 in contributions, landed ten cargoes of supplies at Japanese ports and was keeping pace with relief requirements—all without a single dollar of the fund being spent for administration.

President Coolidge, in expressing his thanks to the people, said: "When the news of the tragedy in Japan first reached us, the American Red Cross, pursuant to a proclamation, asked the country for $1,000,000 to meet the great emergency. The answer to this appeal was prompt and generous; in less than two weeks a sum far in excess of the original goal was given." The work of the Red Cross for Japan is expected to influence a very large enrollment of new recruits during the Roll Call, which starts Armistice Day

For a long while the farmers around here have been talking of building a lime house at Pamplin now that dreams is no longer to be hoped for, but the house is actually up and filled with lime marl which will prove a great benefit to farmers who do not want to buy a car and can haul a ton home when their wagon is at the depot, we also hear that the price is only $4 per ton from the kiln to all alike and that the Harvey Hardware Co. will make delivery.

Now Mr. Editor one of our best farmers came to me and said that he with many other tax payers was much dissatisfied with the raise in the tax levy and ask that I write and ask you if the county Fathers have the right to increase the levy by a very breaking point and then donate our much coveted commodity or medium for the benefit of a personal enterprise. I have also a letter from another farmer of this neighborhood asking that I have you print it asking the tax payers of this county how much longer do they propose to stand for what we are getting out of what we have to pay. This gentleman further says it is a good thing for some of the office holders that the day of election came off before the tax tickets were brought out.

We hear of much hunting but no one ever sees anyone to find out if they are qualified hunters or trespassers, anyway if they keep a good respectful distance no doubt the quail family will soon be extinct.
